Bristol Township Residents and Businesses:

We, on Council, have been privileged to work for and with our community striving to achieve greatness, and we will get through this together. The Governor of Pennsylvania has issued a Stay at Home order for Bucks County. It is very important to ensure you are following social distancing to protect you and your family from this illness. Keep a distance of six (6) feet from others, only leave your house if the action is required to sustain life. A few examples of life sustaining reasons to leave your home are going to the grocery store, pharmacy, doctor's office, or a hospital.

At this time the Township Administration building is still closed to the Public. Our staff is still working through calls and emails. We are diligently working with our State Representatives to make sure we have all the information that will get us through these trying times. We will continue to update information as it is received.

We also want to thank all of the first responders, hospital workers, pharmacists, truck drivers, grocery store workers and all that are continuing the essential services during this time. We thank you for your services today and every day.

From all of us on Township Council and our staff, we thank you Bristol Township Residents and Businesses for doing your part, in these unprecedented times. Bristol Township is a strong community that has gotten through tough times before and will get through this together, once again. We do know this about our Community, we are strong, vibrant, caring and by standing together we will get through this. Thank you.

Sincerely,
