

EAC
May 1, 2019

Due to the lack of a quorum, there was no EAC meeting. The next meeting is scheduled for June 5, 7pm at the Bristol Township Municipal Building.

On June 5, we will be screening "Paris to Pittsburgh", a free Climate Change movie by National Geographic.

We will be having Faith Zerbe of the Delaware Riverkeepers as a speaker in November. She will be replacing Maya K. van Rossum who had another commitment for that evening. The selected topic is "Gardening for the River".
