

# Bristol Township

2501 Bath Road \* Bristol, PA 19007 \* (215) 785-0500 \* Fax (215) 785-2131

February 20, 2015

Dear Property Owner,

It is my pleasure to inform you that your road will be resurfaced this year under the Township's 2015 Milling & Paving Program. I am also writing to encourage you to act now to replace your curbs before the start of the construction project.

In order to replace your curbing, you will need to obtain a permit from the Department of Building & Planning. Permit applications and detailed specifications for curbing can be obtained by stopping in the Township Building or by calling (215) 785-3680. A Building & Planning staff member will be happy to assist you in this endeavor.

**Please be aware that no permits will be issued after April 20, 2015 and all curb replacements must be completed by April 27, 2015** so you must act in a timely fashion to get your curbs replaced. Furthermore, no highway occupancy permits will be issued to cut newly paved highways for at least five years after the road is resurfaced in order to protect the Township's investment. Therefore, it is strongly recommended that you replace your curbing now.

Should you have any questions, or require any additional information, please do not hesitate to contact me at (267) 812-2922. I may also be contacted at the start of the resurfacing project by any resident that will require assistance or special accommodation due to health or medical issues while the Contractor is working on their particular road.

I would like to thank you in advance for your patience and understanding during the upcoming construction. Your cooperation is greatly appreciated.

Sincerely,

Jason Lawson  
Director of Public Works
